Assistant Director, OSI

SUBJECT: Advanced Collection Projects Reviews

1. Since the last regular sessions for reviews of advanced collection systems, most projects have been pushed along (or cancelled out) in one or more separate follow-on meetings. These actions make any notes from the 10 July meeting incomplete and out of date.

2. To provide current items for meetings to be scheduled soon, please develop informal notes or memos on the following. I will contact you to compare old notes and develop final items for the Agenda.

For Each Project:

- (a) Tasks assigned or decisions by DD/S&T at 10 July meeting which have been implemented.
- (b) New tasks assigned or resulting from meetings with DD/S&T since 10 July.
- (c) Items separate from above which require coordination or management decisions.

3. Office participation will be scheduled as on attached sheet. Clearances must be arranged in advance of the meetings with me or
